

Standards of Practice: Commonly-Used Drugs in Long Term Care a 4-part Webinar Series with

Webinar

1

The Four Ds of Narcotics

Description

This webinar, the first in a new Standards of Practice series from NADONA and PharMerica, will cover current standards of practice related to narcotics utilized in long-term care settings. Join us as we discuss safe practices in narcotic returns, the investigation of narcotic drug diversion, proper destruction of these medications, and appropriate documentation of narcotic administration.

Learning Objectives

- 1 Identify 4 standards of practice regarding narcotics: drug returns, destructions, diversions, and documentation
- 2 Explain how to investigate narcotic drug diversions in post-acute care facilities
- 3 Outline how to process and maintain oversight of discharged narcotics

Tuesday, January 10, 2023 | 1:00 PM ET
