SAVE 20% on the Essential Quick Reference for Elder Care Providers

Geriatric Notes is a must-have quick reference for those who provide care to elders in the outpatient setting, such as nursing homes, family practice, or home health. With a practical, accessible, and concise approach, it offers an easy-to-understand overview of the most common diagnoses, topics, and symptoms encountered in the aging population.

Designed to offer access to the basics, this guide provides tables and bullet points for easy reference. Sections include health promotion, neurology and psychiatry, cardiovascular, pulmonary, gastroenterology, genitourinary, rheumatology, dermatology, endocrinology, labs, Beers list, and common presentations.
